SETTLER SOLUTIONS

YOUR MISSION

You are helping a settlement survive in 1615.
You have to choose what to do with your limited land.

GROW FOOD FOR YOUR COMMUNITY

- Helps people survive
- Can feed your settlement
- May not make much money

OR

GROW TOBACCO TO SELL

- A cash crop
- Can make a profit
- But there are risks (you could make a loss)

THINGS TO THINK ABOUT...

What does
the settlement
need?

Could this
make a profit
or cause a loss?

Who will do
the labour?

Is this
agriculture or
a cash crop?

What should
be the priority?
